

DANCER SAFETY ANNOUNCEMENT

The following notice should be read out before the morning and afternoon session of a competition.

Good Morning / Good Afternoon!

Welcome to the competition today. May I have your attention for a couple very important announcements?

All of us here today are committed to providing a safe, positive, and respectful environment for everyone in attendance, especially for our talented dancers.

First, many families want to capture photos and videos of their star dancers. You should feel free to record only your own dancer's special moments. In doing so, please consider the privacy of all other dancers by being careful to only record your dancer in photos and videos unless you have permission.

Second, please use the designated changing areas that have been provided. Sufficient time will be given to the dancers to use these changing areas without missing their opportunity to compete.

Thank you for your support in providing a safe, positive, and respectful environment for everyone in attendance today.
